A Message from Superintendent Collins

We are set and ready to go for an exciting school year for all of the students who attend the Hastings School District. As always, we will have the greatest success when we work collaboratively with our parents and community in providing the best educational experiences possible for the youth of our communities.

If there are any questions or suggestions to help improve the learning experience for your child, or all children in the school district, do not hesitate to contact your teacher or site level principal. As a staff we work hard to be the best and we are always looking to improve our educational system.

*Sincerely,
Tim Collins, Superintendent
Hastings Public Schools*

School Board Unanimously Approves Bond and Operating Levy Vote

The School Board, after months of study and community task force input, is moving forward with a bond and levy vote in 2017. The recommended bond vote **will not** raise the taxes for our property owners. It has been twelve years since the school district has asked the community for an increase in our per student operating levy. During the next several months we will posting on the district website; informational meeting dates, a tax calculator, background information on the bond and levy, and other pertinent information.
